

# Zebra

Crochet pattern by Kristi Tullus

## Size

32 cm (12 1/2") including ears, when crocheted with DK weight alpaca and wool blend and a 2,50mm hook.

## Skills required

Crocheting in spiral, slip stitch, single crochet stitch, increasing and decreasing.

## Difficulty

3. Intermediate – includes some less common crochet techniques and color changes.

## Contact Info

Pattern includes unlimited support from me over email or Skype. Photo and video tutorials and tips are available on my website.

**Tip!** You can use the same pattern to make larger or smaller toys by using finer or bulkier yarn. Make sure to pick a crochet hook at least a size smaller than suggested on the yarn label and crochet tightly enough to achieve a tight gauge that will not allow the stuffing to show through the fabric. You may also need to adjust the size of the safety eyes and joints.

### Materials & Tools

- Yarn. I used Lana Gatto *Super Alpaca*, a DK weight alpaca and wool blend, 115 m = 50 g (126 yd = 50 g) / 8 ply / 11 wpi / 3: light. You will need about 60 g of white and 50 g of black yarn.
- 2,50 - 3,50 mm crochet hook (US size 2/C - 4/E) or according to the yarn.
- Polyester fiberfill, wool, wadding etc. for stuffing.
- 12 mm (1/2") safety eyes or buttons, beads, felt etc.
- Two 20 mm (4/5") and two 25 mm (1") doll joints or safety eyes or buttons and thread.
- White cotton embroidery floss.
- Yarn needle, scissors, stitch marker.

### Choosing joints

**Tip!** You can use plastic doll joints, cotter pin joints, buttons and thread or even just thread to attach the arms and legs. My favorite are plastic doll joints - they are easy to install, durable and washable. Buttons and thread will work great as well, if you can't get your hands on any joints.

### Plastic doll joints

1. Plastic doll joints come in three pieces - disk with a stem, washer and a fastener.

2. Disk with a stem is placed inside the limbs, pushing the stem through the fabric.

3. And then locked to place inside the body.

## Button and thread joints

**Tip!** Make sure you use a very strong thread to attach the limbs – it will have to endure quite a bit of tension and can be a bit difficult to mend, should it break. I have found cotton embroidery floss, nylon sewing thread (doubled or tripled) or fishing line work really well.

1. Cut a length of yarn and draw it through the holes in the button.

2. Place the button inside a limb, drawing the yarn tails through the fabric.

3. Place the other button inside the body, draw the yarn tails through the holes and knot them together.

## Abbreviations

- **st(s)** = stitch(es).
- **mr, sc *n*** = crochet *n* (number) single crochet stitches in to the adjustable loop (see page 15).
- **ch** = chain stitch.
- **sl st** = slip stitch (single crochet stitch in UK and Australia).
- **sc** = single crochet stitch (double crochet stitch in UK and Australia).
- **bpsc** = back post single crochet stitch (see page 14).
- **sc (or sl st, ch etc.) *n*** = crochet *n* single crochet stitches (or sl st, ch etc.), one in each stitch.
- **inc** = increase – crochet two single crochet stitches in the same stitch.
- **dec** = decrease – crochet two stitches together using the invisible decrease method (see page 16-17).
- **(sc 4, inc) x *n*** = repeat the pattern between parentheses *n* times.
- **(36)** = number of stitches in a round after finishing round.

## Notes

- Work in a continuous spiral, do not join rounds or turn your work, unless instructed otherwise in the pattern.
- Work all stitches in both loops, unless instructed otherwise in the pattern.
- Make sure to crochet tightly enough to achieve a tight gauge that will not allow the stuffing to show through the fabric.
- Use a stitch marker or a piece of yarn to mark the end or the beginning of a round. Move the marker up after completing each round.

## Head

With black yarn:

1: mr, sc 6	(6)
2: inc x 6	(12)
3: (sc, inc) x 6	(18)
4: (inc, sc 2) x 6	(24)
5: (sc 7, inc) x 3	(27)
6: sc in each st	(27)
